1. Organizer

Augustowski Klub Sportowy Sparta with the assistance of Augustów city and Polish Motorboat and Waterski Association organizes an endurance international powerboat race called:

„NECKO ENDURANCE 2018”

Race is registered in the UIM 2018 International Calendar. The race is held under the UIM rules and the following rules.

2. Date and place of the race

07-08 of July 2018 – Necko Lake in Augustów, Poland.

3. Duration of the race

The race will be for a time period of 6 hours continuous racing for all classes. There will be two races.

4. Categories

Accepted classes for World Endurance Championship:

S2 catamaran over 1050 cc and up to 2050 cc

S3 catamaran up to 1050 cc

with attendance of low emission engines in all classes.

For all the categories the boats have to be in accordance with the UIM 2018 circuit rules.

5. Circuit

The event is raced on the Necko Lake.

2 circuits will be set up:

- internal, for boats over 1050 cc.

- external, for boats up to 1050 cc.

Scheme of the circuit is included at the end of the program.

For safety reasons the number of boats is limited to 25 per category.

6. Pilots

For all classes minimum age of pilots is 16 years.

There must be a minimum of 2 pilots per boat and maximum is 4.

Names and addresses of pilots have to be mentioned on the entry form of the boat.

7. Team manager

All teams must have the team manager who cannot be a pilot.

All penalties and other race documentation at the race site will be forwarded to the team manager.

The team manager must be present at all meetings and during scrutineering procedure.

8. Entries

Written entry forms, fully completed, registration fees must be sent to the organizer.

In acceptance of their entry, the competitors will have to comply with these rules.

The deadline is fixed: 15 June 2018 (according to the post office stamp)

The registration fee is definite so: 1400€ for all classes

Payable in two instalments. Firstly, to the Organizer's account in the amount of 700€ and then in cash, after arrival in the race office.

Organizer's bank account data:

Account: PL 58102013320000180210963736
Name: AUGUSTOWSKI KLUB SPORTOWY "SPARTA" W AUGUSTOWIE
Bank name: Powszechna Kasa Oszczednosci Bank Polski SA
SWIFT (BIC Code): BPKOPLPW

Address of the organizer:

Augustowski Klub Sportowy „SPARTA”

ul. mjr H. Sucharskiego 15

16-300 Augustów

POLAND

Tel./fax +48 (87) 6434158

E-mail address: neckoendurance@gmail.com

In case of the withdrawal the entry after deadline of closing entries, the registration fee becomes organizer's property.

Late entries may be accepted providing all paperwork is in order and that their inclusion will not cause the crossing of limit of homologated quantity of boat on the circuit.

9. Race numbers

The numbers must be black on a white surface (details UIM rule 206.2).

Number one is reserved for the winner of the previous UIM world championship.

In the event that two numbers are identical, then the team who enter first can keep their race number.

The scrutineer will issue a further number to the team and it is the team's responsibility to replace the number.

Race numbers must be also on the boat race trailer.

The race numbers are mandatory set up on each side of the safety cell, straight upon the buoyancy safety cell, just behind the drivers head position.

10. Arrival to the pit area

The boats and team lorries must be to the closed pit area before the definitive closing on Thursday, 5th July 2018 at 20:00.

11. Teams in the pit area

Pit stands for boats will be prepared by the organizer. Each boat may dispose of appointed spot and put under a roof area 3 meters wide and 6 meters deep. Access to the pit stands is possible for authorized persons only.

Personal ID pit access cards will be delivered for following team members:

- team manager;
- up to 4 pilots;
- radioman;
- 2 fuelling team members;
- 2 mechanics;
- other companions.

Every disrespectful behaviour from a team manager, a pilot or another crew member against the organizing members, the Race Committee or Commissioners will be penalized by giving to the offender a blue card (UIM rule 406.05).

Each team manager is responsible for his team, to which he must transmit and insure the respect all matters of security as well as rules and penalties included in this Advance Programme.

The team managers and pilots are the only interlocutors with the officials of the race.

The organizer will provide for 6 members of the team a lunch from Friday to Sunday. It will be possible to buy an additional alimentation for 50€ per person.

12. Entries control and scrutineering

Documents control will start at 14.00 p.m., Thursday, 5th July 2018.

Pilots or team manager will have to show to the Race Secretary, the following documents:

- current driver's licence for the class of boat that he wishes to race (for each pilot) and written permission from parents or legal representatives for pilots under the age 18 years;
- current immersion test valid (for each pilot);

- National Association permission to race (visa);
- insurance certificate.

All boats must pass technical control before entering the water. Each team have to show boat's logbook, engine homologation sheet and boat's registration certificate. It is mandatory for all drivers and the team manager to be present. All drivers must be able to prove that they fit within the craft as per UIM rules. It is mandatory that each boat is equipped with a radio and has a designated radioman.

The O.O.D. and UIM commissioner will rule upon any such cases that infringe UIM rules of cockpits. Each pilot must have his own helmet and life support vest and this must be produced at scrutineering. No change of pilots will be allowed after the technical scrutineering, whatever would be the reason. Failure to attend scrutineering 5 laps penalty.

All boats must be presented to scrutinize with pickle forks dismantled and boats must have a spare pair to be presented.

In case of emergency, the boat must float and the head's pilot must be kept above water.

Technical scrutineering will take place:

	<u>Friday, July 6th 2018, 08.00 – 13.00</u>
	<u>Saturday, July 7th 2018, 17.00 – 18.30</u>
	<u>Sunday, July 8th 2018, 08.00 – 09.00</u>

Each boat not shown at the technical scrutineering or not in agreement with the rules till the 6 of July 2018 at 13.00, 7 of July at 18.30 and 8 of July at 09.00 cannot participate in the race. The registration fee will be definitely kept by the organizer.

It is possible that during technical scrutineering an UIM Technical Commissioner will be participating to oversee and assist the technical inspections. The UIM Technical Commissioner will be chosen by UIM from the Technical Commissioner's List (nominated by National Authorities).

13. Insurance

All drivers must be properly insured (UIM 205.9) and the policies are to be presented during documents control. The policies will be accepted under condition they are in Polish, English, French or Russian. Third-party insurance is required by the Organizer, which cost will be **30€** per person. It may be bought on site by drivers who does not carry such a type of insurance.

14. Machinery

Only a single homologated engine can be used in the race. The engine block must remain the same as started. All other parts may be changed. All engine blocks will be marked one hour prior to the commencement of the race, more than one engine can be used in practice. The noise suppressor is mandatory (rule 505.01).

15. Hull

The hull as started is the only hull to be used. More than one hull can be used in practice providing it passes all scrutineering procedures. All boats must carry sufficient buoyancy to keep their boat afloat.

Running repairs can be carried out to hulls at their own pit area. All repairs must be inspected by the scrutineers before re-entry to the race.

A reinforced cockpit boat must be fitted at the bow with two mooring eyes, one at the top and one at the bottom, eye not less than 25 mm and not further than 250 mm from the front. The fixing shall be strong enough to tow a boat partially submerged. A tow rope must be fixed. It must not be longer than the length of the hull.

Any loss of a pickle fork requires the team advising the pilot to immediately return to the pit. His race number and class board will be shown by the race control. This posting means that the pilot must imperatively come back to the pit; all the laps carried out on infringement will be deducted after the third pass through the start–finish line. If the pilot misses to come back to the pit for repair, and if he does not obey to the Race Officials signals, that boat may be disqualified by the O.O.D.

2 people maximum are allowed to navigate on the boat (out of the cockpit) during the phase of filling the tank (5 laps penalty if offence). Pilot must mandatory wear a consistent life jacket (UIM rule 205.06). a consistent helmet (UIM rule 205.07) and complete race equipment during trials, towing and race.

16. Briefing

The briefing will be held on 6th of July 2018 at 13.00 and 7th of July at 18.30 in the briefing place.

It is mandatory for all pilots, team managers and radiomans to be present at the meeting, they will have to sign the attendance list in time of roll call. Not presence will be fined 5 laps penalty. Alcohol test can be carried out. If necessary an extra meeting might be organized. Under exceptional circumstances an individual briefing can be organized for the driver.

Mobile phones must be off during the briefing.

17. Official information board

The board will be set out at the race office and on the pontoon.

It is mandatory for the team managers and pilots to read information posted on the board.

During the race period, boats classification will be posted every hour.

18. UIM pennants

All boats must carry the UIM logo to both side of the boat.

19. Noise regulations

During the event; it is mandatory to attenuate the exhaust noise level, according to the UIM rule 505. Because of the environmental reasons silencers are mandatory for the duration of the race.

20. Medical cover

Two ambulances will be present at the site during the race and trainings. Two first aid stations with two doctors will be set up.

21. Refuelling

If necessary, fuel control can be done at any time of the event.

Refuelling can be made on the refuelling pontoon only, engine stopped, during all the race period.

When refuelling, the pilot will be out of the cockpit, the person in charge of the refuelling must wear a lifejacket. There can be only 2 persons on the boat during refuelling.

No repairs and technical intervention aboard the boat can be made while the boat is on the refuelling pontoon. Refuelling process will be explained during the driver's meeting.

All personnel entering the fuel depot must not carry the following:

- cameras, mobile phones, electrical items, metal objects,
- any device that can be ignited i.e., lighters.

Using a communication system, radio, mobile phone, photographic system or any electrical system is forbidden on the refuelling pontoon and in the fuel storage area. All personnel must have rubber soled shoes.

The person delivering the fuel to the boat's tank must be obligatorily equipped with fireproof hood and gloves.

No smoking is allowed in the refuelling area.

Teams will have to pay for fuel. The cost of Pb 95 will be around 1,30 euro.

Payment only in cash (euro or Polish zloty).

Fuel supply will start at 13 p.m. 6th July (Friday)

Fuel supply will end at 17 p.m. 8th July (Sunday)

Places for teams on the refuelling pontoons will be drawn before or during the drivers meeting.

22. Cranes

Boats will be lifted in and out of the water by crane (there will be minimum one crane per 15 boats). All boats must have slings and hooks certified (with certification proof attached) to lift minimum the double of the minimum boat weight.

Each boat must carry its slings at all times if launched by crane, whilst on the water and must comply with the safety rules and regulations of UIM rule 205.12. No boat may be craned with a person on board. Drivers or mechanics must not ride in boats whilst the boat is being craned.

For unauthorized persons, the access to the crane area is strictly forbidden.

Launching of boats will stop 10 minutes before the start and will be set up again 10 minutes after it.

Launching will stop 5 minutes before finish of the race; cranes will be operational again after the arrival only to pick-up boats from the water. Launching of boats to the water after the arrival will be prohibited.

The race number must mandatory appears on the pole of the trailer with digits of 18 cm minimum.

After boat launching, the trailers must be taken off the crane area and brought back to the team area, according to the imposed traffic direction.

23. Trainings

Official training for all classes will be held on 6th of July 2018 at 14:00 – 17:00 and on 8th of July 2018 at 09.00-10.00

All pilots will have to complete a minimum of 3 laps during the trials. Safety and towing boats will operate during the free practices on the circuit. The racing uniform is mandatory during the trials, according to UIM regulations. During trials, boats must keep the circuit racecourse anti-clockwise. On return to pits, just after passing the output buoy, they must significantly reduce their speed. Any infringement referred by race officials may cause up to 5 laps penalty deducted during the first hour of race and posted on the official information board.

24. Pace boat and flags procedures

The start will be a flying start behind a pace boat. The signal to start will be given by dropping the green flag.

Pace boat will be launched ready for use throughout the duration of the event and should there be a need to use it all drivers are required to reduce their speed (4000RPM). Then the pace boat will lead the leading boat with yellow flag on until the course is clear to race. All boats must remain in the order that they were before showing the yellow flag with no overtaking permitted (except that S2 can double S3). When the race is due to be restarted the yellow flag will be dropped and the green flag raised. When the pace boat marshal is satisfied with order to restart he will drop the green flag. This is the only signal to recommence racing. When the race is to be stopped the red flag will be shown.

During this procedure the refuelling is allowed and the cranes are open. Return to race circuit must be done at idling speed and in the last position of the convoy.

Laps completed are counted during a pace boat procedure.

Flags:

Red:	race terminated return to the holding area and await instructions
Yellow:	danger zone, reduced speed - engine speed (4000 RPM) or 70 km/h and no overtaking
Yellow:	pace boat on circuit - no overtaking and reduced speed,
Green:	start or free circuit – restart of the race
Black (with number):	return to the pits for the boat whose number is presented (no further laps counting after 3 laps). The presentation of the black flag results in the obligation to go immediately to the crane area, for a possible update for compliance, under the control of the Commissioner Technical.
Checkered white/black:	arrival

25. Priority of boats

Rescue and pace boats have priority at any time. Entering the pit land refuelling pontoon must be done at reduced speed and no overtaking is allowed unless a boat has become stationary. All boats entering the pits or refuelling area have priority over those departing.

Every boat wishing to come back to his pit or for refuelling must pass the direction buoy by leaving it on her starboard. Drivers must get out the race course and not disturb the way of other boats in race. They must keep the left side of the circuit. Just after passing the output buoy, they must significantly reduce their speed.

All racing boats must reduce their speed when approaching the safety boats weaving yellow flags or with warning lights on.

26. Pilots exchange

Teams may practice with more than the required number of pilots providing their documents and licenses are checked as correct. Team managers must notify the control, 1 hour prior to the race as to their final choice of driver's names and no alteration of the list will be accepted for whatever reason. Failure to do so, will lead to disqualification of the team. Any driver must not run continuously more than 2 hours. Any laps over the period will not be included. Rest time between each change of a pilot is 1 hour minimum.

It is mandatory to exchange the pilots within 2 hours maximum and only when the boat is at the refuelling pontoon.

Each pilots' exchange must be performed under the Race Official control. Both of the pilots must sign the list. According to the official's report, a penalty of 2 laps will be applied for any lack of signature.

If a driver would have to crane his boat for any reason, he will have to immediately sign the official list. Similarly, a driver who is to restart the race from the pit area after a stop must sign the list before his leave.

27. Boats broken down on course

Any boat that breaks down on the course cannot refuse a tow and must be towed in the direction of the course (unless O.D.D. decides differently).

Boats out of order in any place cannot refuse to be towed by towing boats, appointed by organizers.

Towing will be made with direction of the race course, and under pilot's own responsibility.

The pilot must mandatory wear his life jacket and helmet during towing.

28. Conditions for repairs

Replacement of the cylinder block is forbidden.

Repairs are permitted in the pit area and must be done under supervision of a Technical Officer only. Repairs outside the pit or on the water are forbidden. Exception are small repairs which are allowed near the crane and not in the water.

Any infringement to these rules may cause 1 to 5 laps penalty, and can lead even to the disqualification, after the O.O.D. decision based on written report of the Technical Officer.

29. Interrupted race

A race that has to be curtailed for one reason or another and it is impossible for the race to recommence then points will be awarded as follows:

Up to 25% of race time	25% of points
50% of race time	50% of points
75% of race time	75% of points
over 90%	full points.

The responsible boat of final stopping of race does not score points.

If a race is interrupted and can be recommenced within a reasonable period of time then the recommencement procedure will be as the start of the race less completed time. The time period remaining will be the total race time less 15 minutes and less completed time. The distance covered by each part of the race will be added together for the final result. The distance covered at the lap prior to the stoppage will be the laps taken into account. If the race has to be brought under a reduced speed behind the pace boat then no overtaking is allowed. The restart of the race will be shown from the pace boat.

30. National flags and advertisement of the organizer

All boats have to present the national flags of all competing drivers.

Advertising of the organizer of the event is provided by the club and is of dimension 8 cm height x 40 cm width. Organizing advertising will be positioned at the end touching the race number, either above or below.

31. Post race inspection

The first three boats in each class will render themselves to the parc fermé for inspection immediately after the end of the race. Any boat failing to do so will be disqualified from the race, apart from race technical inspectors, O.O.D., the UIM commissioner, translator if needed, the only team members allowed in the parc fermé are drivers, team manager, two mechanics. No other personnel will be allowed.

32. Drug testing and anti-doping control

Competitors shall not be under the influence of alcohol while competing and training.

All drivers and team's members could be subjected to drug and alcohol controls at any time during the race. Any refusal will be deemed as a failure and the driver disqualified. When any test prove positive, the driver will be disqualified and reported to the UIM. In case of positive test by other team member, he must immediately leave a race area.

Drivers mentioned by the medical staff for antidoping control, will have to go immediately after the arrival to the designed medical room for such a control. In case of refusal the driver will be excluded from the race immediately. Any positive result will be submitted to the antidoping committee within the prescribed limit, to inflict the disciplinary sanctions envisaged in this case.

33. Protests

The Team Manager on behalf of his driver can make a protest.

No collective protests will be accepted.

The protest must be written in English on the UIM official form with full details and the number of UIM rule broken.

The fee for a protest is fixed:

- 150€,
- against an engine 380€.

If possible, the protest will be judged within one hour of the protest being accepted and the decision will be given to the Team Manager and driver if possible.

If a protest is upheld and laps have been deducted at the next posting of positions the laps will be re- introduced.

If a protest comes within the last hour of racing then the protest will be heard as soon as possible and the final result will be not be posted until the protest has been judged.

Protest on the final results must be made within half of one hour

The protest forms will be available at the race office.

All protests according to rule 902.38 (Penalties) and "driver against another driver" must be handed to the Race Secretariat within one hour after pilots changing.

34. Penalties

Any sanction against a driving (yellow cards and disqualification, rule 406.05) will be reported to the UIM.

All decisions will be posted on the official information board.

All penalties will be applied and deducted by the O.O.D. immediately after the examination of written Race Official's reports.

Fuel infringement	4 laps
Race infringements	3 laps
Craning infringements	4 laps
Failure to attend scrutineering or drivers briefing	5 laps
Flag Infringement	3 laps
Priority of boats	5 laps

Penalties concerning the turn buoys:

For hitting a turn buoy or other buoys of the race course	no penalty
For missing a turn buoy or other buoys of the race course	1 lap penalty
For dislodging or destroying the first turn buoy or other buoys of the race course	3 lap penalty
For dislodging or destroying the second turn buoy or other buoys of the race course	5 lap penalty

Destroying a turn buoy or other buoys of the race course - the cost of replacement will be charged to the offending team. Maximum cost 200 euro per buoy.

35. Classification

To be classified and gain points team must have completed at least 40% of the class winner's laps number and take the chequered flag. Those boats not running the race ends but completed at least 90% of the class winners distance will be scored after all boats taking the chequered flag. From the dropping of the chequered flag, all present boats on water will have 10 minutes to cross the line of arrival.

Official classification of the World Endurance Championships will be performed in separate categories.

Points will be awarded to the pilot in each class as follows:

1 st : 20 points	6 th : 10 pts	11 th : 5 pts
2 nd : 17 pts	7 th : 9 pts	12 th : 4 pts
3 rd : 15 pts	8 th : 8 pts	13 th : 3 pts
4 th : 13 pts	9 th : 7 pts	14 th : 2 pts
5 th : 11 pts	10 th : 6 pts	15 th : and onwardsr: 1pts

Any boat which team declared to give up or being disqualified will not be authorized to return to the water and will not be classified.

36. Prizes

Organizer will provide cups for the first three teams in each class. UIM medals will be given to champions at prize giving ceremony after the last race.

Prize giving ceremony will take place one hour after completion of the race or, if a protest is being considered, 30 minutes from completion of protest procedure.

37. Publicity

Any sponsors advertisements on boats or trucks should respect rules of law in Poland.

Any boat setting up a publicity concerning political or religious convictions, or interfering with morality, will not be authorized to take the start before hiding completely and definitely those marks.

The organizer can request that any offences against advertising or any that conflicts with the sponsor or sponsors to cover such marks throughout the duration of the race.

38. Cancellation

In case of force majeure, natural disasters or for reasons beyond the will of the Organizer, it reserves the right to cancel the event without competitors being able to claim a refund or compensation.

40.3. Provisional program

<u>Thursday 05.07</u>	
14.00 – 20.00	Registration and documents control
20.00	Definitive closing of the pit area

<u>Friday 06.07</u>	
08.00 – 13.00	Technical control
13.00 – 13.45	Drivers meeting
14.00 – 17.00	Official training on the Necko lake
18.00 – 19.00	Parade in the city center
19.00 – 20.00	The opening ceremony
20.00 – 20.30	Press conference

<u>Saturday 07.07</u>	
09.00 – 15.00	First race on Necko Lake
17.00 – 18.30	Technical control
